Alpine Greens Villa G3

The Alpine Greens Villas, tucked into the southeast corner of the Yellowstone Club, offer the ideal setting for capturing the serene beauty of southwest Montana. These villas are carefully sited on the land to capture views of the surrounding mountains, including Pioneer, Lone Peak, the Spanish Peaks, and sweeping views of the Gallatin Range. These mountain views take center stage, yet bountiful amenities are moments away at the Golf Course Clubhouse, and a full host of services are a short drive away at the base area Village.

Alpine Greens Villa G3 is a stunning unit tucked into a graceful hillside overlooking the golf course and Clubhouse. This villa is accessed via the building G keypad-protected shared entry; this lower-level unit's entry is just inside the main doors. Once inside, an open floor plan leads through the kitchen and into the living space, and a turn to the left opens to the private master enclave. This room is classic and calming, with expansive windows that usher in broad views and ample light. The bathroom, with soaking tub, dual sinks, and walk-in shower; plus the large walk-in closet, round out the master suite.

The second bedroom, with spacious queen bed and en suite, is located just off the entryway to the right. With its open design and crisp finishes, this unit echoes the color tones of the surrounding landscape. The lofted ceiling and exposed beams help grow the space and create a stunning visual impact. Warm wood floors, window trims, and natural stone lend earthy vibes to the unit, while the white walls and counters lend a timeless pop. The kitchen features a spacious island, four-burner Wolf range, custom paneled refrigerator, and warming oven. The adjacent living room exudes calm serenity with its neutral tones, hand-stacked fireplace with gas insert, and large corner window. A massive glass door slides open to bathe the unit in natural light and fresh air, offering easy access to the covered outdoor deck.
