-NORDIC- TRAILS

THE SUNNYSIDE TRAIL

The Sunnyside Nordic Trail on Andesite Mountain consists of challenging terrain and is for intermediate to expert skiers. Park at the trailhead on the downhill side of Andesite Ridge Road and ski off onto approximately 5 kilometers of trails that are finely groomed for both skating and traditional techniques. The one-way loop with three cut-offs, winds down through the trees and opens up to spectacular views of Pioneer and Cedar Mountains.

The Snow Desk has information on current conditions and lesson opportunities and may be contacted at (406) 993-2126 or outdoorpursuits@yellowstoneclub.com.
